A00177 MN 10 or 10 Pro trial offer-PR6

Potential distributors receive a 25% discount off the listed dealer price of a Oceanus Pro ROV, topside and hand controller when participating in a trial offer of use of an Oceanus Pro ROV system for ten (10) days, or a maximum of ten (10) ROV operational hours.†

With an overwhelming selection of inspection-class ROV systems available, your decision to choose an ROV system that actually delivers to its advertised expectations becomes less clear. MarineNav ROV systems have been designed, manufactured and assembled on-site with every system undergoing rigorous testing prior to delivery. With a reputation for its rugged durability, ease of use and competitive pricing it's no wonder that our MarineNav ROVs have quickly become the best selling inspection-class ROV in the market.

Not satisfied with your purchase? Return your Pro ROV system within the trial period and you'll receive a full refund.†

▼ 10 Or 10 Oceanus Pro Trial Offer - Terms and Conditions

- Available to potential MarineNav distributors when purchasing a standard MarineNav Oceanus Pro ROV system.
- Offer extended to potential distributors on approved credit and with an approved Authorized Distributor application submission. Potential MarineNav distributors are to provide a purchase order for the ROV system purchase at the current full dealer price, indicating the 25% discount offer to be applied (if paid within the allowed 30 day term agreement). Refundable deposit due at time of purchase order. The ten-day trial period begins when shipment is received as recorded by the shipment tracking number. The ten ROV operational hour trial period is recorded and tracked by the Oceanus ROV operating system software.
- The 10 or 10 Oceanus Pro trial offer only applies to a standard Oceanus Pro ROV system and does not extend to the Oceanus Mini Lite, Oceanus Mini, or Oceanus Ultimate ROV systems. The standard Oceanus Pro ROV system ships with one (1) Oceanus Pro ROV, one (1) Oceanus Pro Topside control case, and one (1) standard Oceanus Hand Controller (v3.0). A 40-meter demo tether is supplied, but is not included as part of the standard Oceanus Pro ROV system. Upon the successful purchase of a standard Oceanus Pro ROV system the demo length of ROV tether is to be shipped back to MarineNav with the potential distributor responsible for all associated costs.
- At ten days, or 10 ROV operation hours (whichever comes first) either return the ROV system in original packaging, or pay your invoice in full within 30 days to receive a 25% discount off of the current listed dealer pricing for a standard Oceanus Pro ROV system. The 10 or 10 Oceanus Pro trial 25% offer is not extended to new standard or custom ROV tether lengths, nor are ROV accessories included in this offer (this applies to all MarineNav or third-party manufactured ROV accessories).
- A full refund is available to potential MarineNav distributors that meet the terms of this agreement, and upon MarineNav Ltd receiving the original shipped ROV system returned undamaged, in its original packaging.
- The potential MarineNav distributor is responsible for all shipping and transit costs, including freight, customs, duties, tariffs, taxes, storage fees, and other related charges, both for shipping to the client location and in the event of return, for those charges as well. The potential MarineNav distributor is responsible to inform MarineNav Ltd of any necessary import permits, licences, and related documentation or paperwork, and to provide whatever details are required in order to facilitate timely shipment.
- Other conditions apply. Contact MarineNav for full disclosure of terms and conditions.

* Two Year Limited Warranty - Terms and Conditions

The two year limited warranty is available when your MarineNav Oceanus ROV is registered within the first year of purchase. For warranty to be valid all scheduled ROV maintenance must be adhered to according to manufacturers guidelines. Limited warranty restrictions apply;

- MarineNav Ltd warrants that tether supplied with ROV systems or supplied separately will be free from defects in materials and workmanship under normal use and service for a period of ninety (90) days from date of shipment.
- MarineNav Ltd warrants that tether whips that were provided as part of an ROV system at time of original shipment will be free from defects in materials and workmanship under normal use and service for a period of six (6) months from date of shipment.
- MarineNav Ltd warrants that thruster motors that were provided as part of an ROV system at time of original shipment will be free from defects in materials and workmanship under normal use and service for a period of one (1) year from date of shipment. This does not include wearable parts such as propellers, which are considered a consumable item. Tampering, misuse and regular wear are not covered by warranties.
- MarineNav Ltd warranties exclude corrosion that may occur on ROV metallic parts caused in part by improper cleaning and storage of ROV after each mission. Refer to your owner's manual for proper cleaning and maintenance of your ROV system.

MarineNav Ltd. is an ISO 9001:2015 certified company. Our certified Quality Management System ensures that each unit we produce adheres to the strictest standards and complies with customer requirements. While we strive to ensure the accuracy of all items and descriptions in this document, this is not always possible. Specifications, options, and availability are subject to change without notice. Errors and omissions excepted. We reserve the right to limit quantities.
